

Before you leave.

Use this as a planning sheet. Your university's instructions and the rules for your own circumstances come first.

Confirm with your university

- ☐ Your offer, registration dates, and the campus you should report to.
- ☐ Accommodation arrangements and how to collect your room keys.
- ☐ The documents to bring, including any required originals.
- ☐ Entry, residence, insurance, and arrival steps that apply to you.
- ☐ Orientation details and an arrival contact you can reach.

Plan the practical things

- ☐ Your journey from the airport or station to your accommodation.
- ☐ A way to contact family and the university when you arrive.
- ☐ Your first-week budget and how you will access your money.
- ☐ A secure backup of important documents and contact details.
- ☐ What to pack, what you can buy locally, and baggage limits.

Your first week.

Leave some room in your plans. Ask for help when something is unclear and keep useful contacts in one place.

University arrival contact

Registration location and time

Once you arrive

- ☐ Follow the university's registration and orientation instructions.
- ☐ Find your classrooms, student services, and a place to study.
- ☐ Check local transport and the nearest places for everyday essentials.
- ☐ Meet your classmates and look for a club or activity to try.

Something you are looking forward to: _____
